Introduction of HNUST

湖南科技大学简介

Hunan University of Science & Technology (HNUST), located in Xiangtan city where is the hometown of the esteemed leader Chairman Mao Zedong and the world-renowned artist Master Qi Baishi, is a comprehensive and key provincial university with a long history and profound cultural heritage, offering a wide array of disciplines. It is co-constructed by the State Administration of Science, Technology and Industry for National Defense and People's Government of Hunan Province, a "Double Tops" construction university in Hunan Province with the right to grant doctoral, master's, and bachelor's degrees at the third level. It is honored as an "Outstanding College" of the undergraduate teaching evaluation by the Ministry of Education; a college among the "Excellent Engineer Training Program" by the Ministry of Education. Furthermore, it is among the first "Top 50 Universities for Innovation and Entrepreneurship" and one of the "Top 50 Universities for Graduates Employment".

HNUST, which evolves from Northern Hunan Construction College founded in 1949, is established on November, 2003 by merging two separate universities: Xiangtan Polytechnic University and Xiangtan Normal University. It has been accredited by the Ministry of Education and People's Government of Hunan Province. HNUST covers an area of 3,107 mu (207.2 hectares) with floor space amounting to 974,300 m².

As a complex of 20 schools, a graduate school, an independent college, a college for adult education and an international education college, HNUST offers 98 undergraduate programs in eleven genres of disciplines—philosophy, economics, law, education, history, science, engineering, agriculture, management, literature and arts, 30 postgraduate programs, and 8 doctoral programs.

HNUST owns a high-qualified teaching faculty of around 1,679 out of over 2,600 employees, 350 of whom are full professors and 1690 are doctorate holders. As of now, HNUST enjoys a nationwide enrollment of over 44104 full-time students, along with a burgeoning community of international students. It boasts one national-level teaching team, 7 provincial-level teaching teams, 2 national-level experimental teaching demonstration centers, 1 national-level virtual simulation experimental teaching center, 1 "Excellence Project" off-campus practical education base of the Ministry of Education, 8 national-level first-class courses, 110 provincial-level first-class courses, 74 provincial-level excellent courses, key courses, and high-quality courses. Since the 12th Five Year Plan, we have won 2 national first-class teaching achievement awards and 84 provincial and ministerial level teaching achievement awards.

Over the past seventy years, we have thrived by the principles of education, fostering innovation through reform, and accelerating the development of high-level comprehensive universities.

Introduction of International Education College

International Education College of HNUST was established in 2017, co-located with the International Exchange Office and the Hong Kong, Macao, and Taiwan Affairs Office of Hunan University of Science and Technology. The college has always adhered to the vision of a community with a shared future for mankind, opening a new chapter in international education in an innovative era, promoting the internationalization of school education from a global perspective, and striving to build a high-level comprehensive university with distinctive characteristics, domestic first-class and international influence. The college has actively established good cooperative relationships with nearly 40 universities in more than 16 countries and regions, including the United States, the United Kingdom, Russia, Australia, Germany, Italy, Sweden, Austria, Ireland, Japan, South Korea, Thailand, Malaysia, Vietnam, as well as Taiwan and Macau in China. In 2015, it was approved for the first time as a "National High end Foreign Expert" and the "Hunan Province Foreign Experts Hundred Talents Plan".

Since being approved for international student enrollment in 2011, the university has 18 colleges and 58 majors that recruit outstanding students from around the world. The scale of international students has grown rapidly, with international students from 21 different countries. The student training has achieved multi-level full coverage of undergraduate, masters, and PhD programs, forming a training system that focuses on academic education and supplemented by long-term and short-term Chinese language training. The annual enrollment scale is over 100 people, and currently there are more than 200 international students on campus.

3. Disciplines & Majors

Bachelor's Program

Discipline	
Mining Engineering	Civil Engineering
Safety Engineering	Water Supply and Drainage Engineering
Environmental Engineering	Engineering Mechanics
Emergency Technology and Management	Engineering Management
Mechanical Design Manufacture& Automation	Building Environment &Energy Application
Detecting& Control Technology and Instrument	Electrical Engineering and Automation
Vehicle Engineering	Automation
Mechatronic Engineering	Electronic and Information Engineering
Industrial Engineering	Communication Engineering
Intelligent Manufacturing Engineering	Robot Engineering
Computer Science and Technology	Chemistry
Information Security	Applied Chemistry
Internet of Things Engineering	Chemical Engineering and Technology
Software Engineering	Pharmaceutical Engineering
Data science and big data technology	Energy Chemical Engineering
Chinese Language and Literature	Architecture
History	Urban Planning
Journalism	Landscape Architecture
Advertising	Visual Communication Design
Education	Product Design
Education Technology	Environmental Design
Applied Psychology	English
Primary Education	Teaching Chinese to Speakers of Other Language
International Economics and Trade	Exploration Technology and Engineering
Business Management	Geographical Science
Physical Education	Geographic Information Science
	Surveying and Mapping Engineering
Length: 5 years for Architecture and Urban Planning; 4 years for the other majors	

Master's Program

Discipline	
Mechanical Engineering	Chinese Language and Literature
Instrument Science and Technology	International Chinese Language Education
Machinery	Journalism
Computer Science and Technology	The history of China
Software Engineering	Electronic and Information

Discipline	
Electronic and Information	Control Science and Engineering
Design Studies	Electrical Engineering
Master of Fine Arts (MFA)	Education
Architecture	Psychology
Materials Science and Engineering	Physical Education
Chemistry	Applied Economics
Chemical Engineering and Technology	Business Management
Materials and Chemicals	Finance
Subject Teaching(Chemistry)	Accounting
Resource and Environment (Environmental Engineering)	Civil and Water Conservancy
Resource and Environment (Safety Engineering)	Civil Engineering
Resource and Environment (Mining Engineering)	Surveying and Mapping Engineering
Mining Engineering	Geological Resources and Geological Engineering
Safety Science and Engineering	Resources and Environment (Geological Engineering)
Artistics	Resources and Environment (Geomatics Engineering)
Fine Art and Calligraphy	Foreign Language and literature
	Subject Teaching(English)
	Written Translation
Length: 3 years	

Doctoral Program

Discipline
Applied Economics
Mining Engineering
Safety Science and Engineering
Mechanical Engineering
Software Engineering
Civil Engineering
Chemistry
Length: 4 years

4. Campus Life

HNUST attaches importance to international academic exchange and cooperation. Up till now, the university has cooperated with over 40 universities including USA, UK, Australia, Japan, and over 15 universities in Taiwan. International students enrolled are from 24 different countries. Until now, the number of international students in HNUST is up to 200. Over the past three years, HNUST has recruited the high-end foreign experts for 6 patches and maintained over 10 foreign teachers constantly.

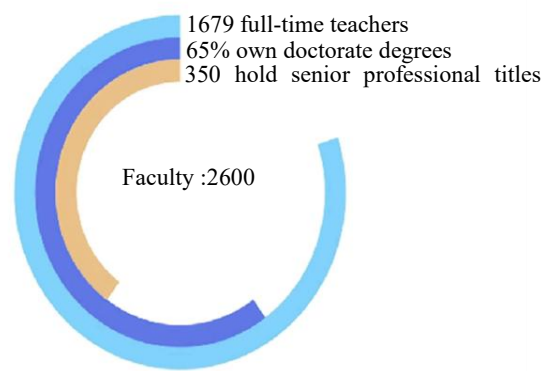

5. Why choose HNUST

The university holds 23 teaching colleges, continuing education colleges and international education colleges, with 97 undergraduate majors covering 11 disciplines such as science, engineering, literature, education, philosophy, law, economics, management, art, history, and agriculture. Engineering, chemistry, computer science, and materials science have entered the top 1% of ESI's global rankings, with 3 first-level disciplines as postdoctoral research stations, 8 doctoral degree authorization points, 30 Master's degree authorization points, 17 Professional Master's Degree Authorization Categories, and the recommended qualifications for outstanding undergraduate graduates to pursue master's degree programs without taking exams, as well as the promotion qualifications for the "Master's Teacher Program". It has 1 "world-class cultivation discipline" in Hunan Province, 5 key disciplines in the 14th Five Year Plan of Hunan Province, 1 advantageous characteristic discipline group in Hunan Province's universities, and 3 national defense characteristic disciplines. We have 24 national first-class professional construction sites, 8 national characteristic majors, 28 provincial-level first-class professional construction sites, 17 provincial-level characteristic majors, and 1 national comprehensive reform pilot major.

Well-qualified Teaching Staff

The school currently has 2600 faculty members, of which 1679 are full-time teachers, 350 hold senior professional titles, and approximately 65% are doctoral degree teachers. We have one national "863 Plan" theme expert, three candidates for the "Ten Thousand Talents Plan", three candidates for the "Yangtze River Scholars", two talents for the "Four Batches", two candidates for the "Hundred and Ten Thousand Talents Project", one winner of the National Excellent Youth Fund, one young and middle-aged expert with outstanding contributions to the country, one national outstanding professional and technical talent, one role model of the times, one national model teacher, two national excellent teachers, and one national most beautiful teacher, Two candidates for the "New Century Excellent Talent Support Plan" of the Ministry of Education, and one "Huang Danian style" teacher team from national universities.

Well-equipped Facilities & Abundant Resources

The school covers an area of 3003.88 acres, with a building area of 1.1634 million square meters. The total value of teaching and research equipment is 651.3 million yuan, and the total amount of paper and electronic literature is over 7.43 million copies.

Beautiful Campus

The campus is picturesque with cherry orchard in spring , lotus in summer , osmanthus in autumn, plum blossom in winter. The flowers and trees compete all year round, with Ming Lake, Moon Lake, and Sun Lake complementing each other. With complete infrastructure such as a real ice gym, Taekwondo gym, basketball gym, and fencing gym, it is an ideal garden for reading and learning.

2034年，范仲淹『庆历兴学』，湘潭县学建立，232年改称文庙文庙建立之时『庙学合一』已成定制清代，昭潭书院应运而生至此，孔儒精神代代相承湘潭文脉源远流长

6. Fees & Scholarship

Fees for 1-Year Chinese Language Student Program

Tuition	CNY 17,000 / year
Accommodation	Double Room CNY 500 /Month; Single Room CNY 1,000 /Month (Free for students from “One Belt One Road” Countries)
Registration	CNY 400
Books	About CNY 800 /Year (adjust depending on the actual books used)
Electricity	About CNY 0.59 / kilowatt hour (>5 kw-hr /month each room)
Insurance	CNY 800 /Year
Other fees	Medical Examination: CNY 160~500
	Residence Permit: CNY 400 /Year

Fees for Bachelor/ Master/ Doctoral Program

Tuition	Bachelor’s program (Liberal Arts): CNY 15,000 /Year Bachelor’s program (Science and Engineering): CNY 17,000 /Year Master’s program (Liberal Arts): CNY 20,000 /Year Master’s program (Science and Engineering): CNY 22,000 /Year Doctoral program (Liberal Arts): CNY 24,000 /Year Doctoral program (Science and Engineering): CNY 26,000 /Year
Accommodation	Double Room CNY 500 /Month; Single Room CNY 1,000 /Month
Registration	CNY 400
Books	About CNY 800 /Year (adjust depending on the actual books used)
Electricity	About CNY 0.59 / kilowatt hour (>5 kw-hr /month each room)
Insurance	CNY 800 /Year
Other fees	Medical Examination: CNY 160~500
	Residence Permit: CNY 400 /Year

Note: HNUST International Education College reserves the right of interpretation of these fees

Scholarship Program for Language Students

One Belt and One Road Language Student Scholarship of Hunan Province

It covers

Tuition Fee: CNY 17000/Year

Accommodation Fee: CNY 5000/Year

Registration Fee: CNY 400

Insurance Fee: CNY 800

Text Book Fee: CNY 800

One Belt and One Road Language Student Scholarship of HNUST

It covers

Tuition Fee: CNY 17000/Year

Accommodation Fee: CNY 5000/Year

Scholarship Program for Degree Students

Bachelor's degree student scholarship program

It covers

Tuition Fee: CNY 15000/Year or CNY17000/Year (depends on your major)

Accommodation Fee: CNY 5000/Year

Allowances for Living Expenses: CNY 6000-10000/Year (depends on your former school performance and the interviewing results)

Master's degree student scholarship program

It covers

Tuition Fee: CNY 20000/Year or CNY 22000/Year (depends on your major)

Accommodation Fee: CNY 5000/Year

Allowances for Living Expenses: CNY 15000-25000/Year (depends on your former school performance and the interviewing results)

Doctoral degree student scholarship program

It covers

Tuition Fee: CNY 24000/Year or CNY 26000/Year (depends on your major)

Accommodation Fee: CNY 5000/Year

Allowances for Living Expenses: CNY 39000-65000/Year (depends on your former school performance and the interviewing results)

7. Documents Required

1. Digital Photo (requirement: color 2-inch certificate photo with no border on white background, head accounting for 2 / 3 of photo size, photo size not less than 320 * 240 pixels, height width ratio of 4:3, size of 100-500kb, JPG format)
2. The Information Form of Family Members
3. The digital scan of Passport
4. Foreigner Physical Examination Form (**within 6-month validity period**)
5. The digital scan of a Certificate of the highest diploma (or proof of expected graduation) with certified English translation
6. Copy of HSK 4 Certificate above 180 or HSK5/6 (for degree study) with score report of HSKK.

7. Non-Criminal Certificate (**within 6-month validity period**)
8. Official Transcript with certified English translation
9. Two Letters of Recommendation from professors or associate professors (for Master's Program/ PhD program) in English
10. Research Proposal (more than 800 words for Master's Program and more than 3000 words for PhD program)
11. Applicants for studying Art are required to submit their own painting or design works
12. Scanned copies of Published Academic Papers or other Research Results (for Master's Program/ PhD program)
13. Applicants are required to provide a 5-minute self-introduction video for HNUST initial review, and upload it to HNUST International student application system (<http://hnust.at0086.cn/StuApplication/Login.aspx>). It should be in either Chinese or English, and include an applicant's academic background, study plan, personal strengths, and aspired career choice upon graduation.

Note: 1. Applicants with Economics or Management foundation and have studied Higher Mathematics are preferred for applying Master's Program in the Business School.
2. Applicants with Economics or Management foundation and have studied Calculus, Linear Algebra, Probability Theory and Mathematical Statistics are preferred for applying PhD programs in the Business School.

8. Application and Admission Procedures

- ▶ Online application: <http://hnust.at0086.cn/StuApplication/Login.aspx> ;
- ▶ Download the “Foreigner Physical Examination Form” and “The Information Form of Family Members” from the website <http://dwll.hnust.edu.cn/zlxz/lhlx/index.htm>.
- ▶ Fill in the “The Information Form of Family Members” and do physical examination at the local public hospital as requested. The medical examinations must cover all the items listed in the Physical Examination Record for Foreigner. Incomplete records or those without the signature of the attending physician, the official stamp of the hospital or a sealed photograph of the applicants are invalid. The medical examination results will be valid for 6 months.
- ▶ Hunan University of Science & Technology organizes expert panel to review application documents and make the final selection.
- ▶ A video interview or face-to-face interview will be held by International Education College for applicants whose documents are approved.
- ▶ Admission result will be sent by email in the application system.
- ▶ **Admission Notice** and **Visa Application Form (Jw202)** will be posted to applicants as soon as they are ready.

► All master and PhD applicants must take an interview organized by corresponding colleges before officially enter into school. Those who failed in the interview will not be admitted.

Note: The application documents will NOT be returned regardless of the result of application.

9. Accommodation Information

► **Single-bed room at Residence Hall:** CNY1000/Month

► **Double-bed room at Residence Hall (shared by two):** CNY500/Month/Person.

The Residence Hall is a separate 6-storied building, which can hold 280 international students. The building is equipped with entrance guard system and monitoring system. There is a public kitchen, dining hall and laundry place on each floor, equipped with public refrigerator, washing machine, Electromagnetic furnace and dining tables and chairs.

Each room is provided with a bedroom, an independent living balcony, an independent washroom, two individual beds, two wardrobes, two bed stands, air-conditioner, and hot water meter.

10. Application

★ **Identity:** Non Chinese citizens with good physical, mental health and excellent academic and moral character.

★ **Ethical Requirements:** Have no criminal record, and comply with the laws and regulations of the Chinese government and the school's rules and regulations.

★ **Age requirements:** Applicants are required to be high school graduates or above, aging 16-35 years old, applicants for a bachelor's degree must not exceed the age of 25, applicants for a Master's degree must not exceed the age of 30.
