

Invitation letter

Dear Xiaoliang Wang (Hunan University of Science and Technology)

On behalf of the 16th International Conference on Computer Science and its Applications (CSA 2024) organizing committee, I am delighted to extend our invitation for you to participate in CSA2024(<http://csa-conference.org/2024/>), to be held from December 18-20, 2024 in Pattaya, Thailand.

Your paper titled "Resource management and scheduling technology based on domestic server operating system" has been selected for presentation at the conference. We believe that your research will make a valuable contribution to the discussions and enrich the academic exchange at our event.

The CSA2024 aims to bring together leading researchers, scholars, and experts from around the world to share their insights and discoveries in software engineering. Your presence at the conference will not only showcase your work but also foster meaningful interactions and collaborations with fellow participants.

Please feel free to contact us if you have any questions or require further assistance. We eagerly await your positive response and look forward to welcoming you to CSA2024 in Pattaya, Thailand.

Thank you for your valuable contribution, and we anticipate a successful and rewarding conference experience for you.

Invitation letter

Dear Jin Wang (Hunan University of Science and Technology)

On behalf of the 16th International Conference on Computer Science and its Applications (CSA 2024) organizing committee, I am delighted to extend our invitation for you to participate in CSA2024(<http://csa-conference.org/2024/>), to be held from December 18-20, 2024 in Pattaya, Thailand.

Your paper titled "An authentication protocol for integrating body sensor networks and internet of vehicles" has been selected for presentation at the conference. Furthermore, we would be honored if you could deliver a keynote presentation on "Towards Efficient and Scalable RDMA Networking for Datacenters." We believe that both your paper and your keynote topic will greatly contribute to the discussions and enrich the academic exchange at our event.

The CSA2024 aims to bring together leading researchers, scholars, and experts from around the world to share their insights and discoveries in software engineering. Your presence at the conference will not only showcase your work but also foster meaningful interactions and collaborations with fellow participants.

Please feel free to contact us if you have any questions or require further assistance. We eagerly await your positive response and look forward to welcoming you to CSA2024 in Pattaya, Thailand.

Thank you for your valuable contribution, and we anticipate a successful and rewarding conference experience for you.
